

## FB OEM EMROG Net Preamble

Date: \_\_\_ / \_\_\_ / \_\_\_\_\_

This is *(pause and listen)* \_\_\_\_\_ Net Control Operator for the Fort Bend County Office of Emergency Management Emergency Management Radio Operators Group, EMROG. This net is held for the purposed of introducing non-RACES radio operators to the Fort Bend OEM Amateur Radio operations and to discuss topics of interest. This is a directed net and all calls made to the net will go through this net control station.

Is there any emergency or priority traffic, please call net control \_\_\_\_\_, over?

At this time I will take any check-ins not already made during the preceeding RACES drill. This includes any visiting stations. Please come now with your call sign. State if you have traffic or announcements, over.

I will now proceed with traffic listed. *(Call stations with traffic listed)*

Are there any late stations that would like to check-in for tonight's net? Please come now with your call sign, over.

As a reminder, there is a monthly EMROG meeting held at the Fort Bend County EOC on the third Monday of the month. The location of the EOC is 307 Fort St. in Richmond, Texas at the intersection of Third and Fort Streets. Anyone interested in the Fort Bend County RACES program is welcome to join us at the meeting. Talk-in will be on 145.49 MHz.

This net and the preceeding RACES drill meet each Monday night at 7:30 PM local time, except for the third Monday of the month, on the 145.49 MHz repeater. There were \_\_\_\_\_ stations checked into tonight's EMROG net. This is \_\_\_\_\_, Net Control Station for this EMROG net returning this frequency to normal amateur use, out.
